## **windream awarded with Business Hero Award 2022**

**Bochum. windream GmbH, provider of the enterprise content management (ECM) solution of the same name, is the official winner of this year's Business Hero Award in the category "Innovation Hero". The software company received 9.4 out of a total of 10 achievable points, putting it among the best of the more than 12,000 applicants. "Innovative, individual, inspiring - windream combines all important entrepreneurial processes into one software and facilitates cooperation immensely", the jury statement reads.**

"We are very pleased to receive this award. It is an incentive for us to continuously develop our groundbreaking software platform for Enterprise Content Management", says Patrick Plenz, Marketing Manager of windream GmbH.

### **About windream GmbH**

For 20 years, windream GmbH has been one of the top companies in the development and marketing of business software products for electronic archiving, digital document management and business process control or workflow automation. Above all, the company is nationally and internationally known for its ECM-system of the same name, windream. More than 100 employees and a worldwide network of about 250 sales, integration and cooperation partners take care of more than 2,600 customers with more than 260,000 workstations. The clientele includes nationally and internationally known and renowned companies such as the pharmaceutical groups Roche and CureVac, the media companies RTL Group and Heise Group, the Raiffeisen banks of Upper Austria, Tyrol, Carinthia as well as DFS Deutsche Flugsicherung and Rhenus Logistics.

### **About the windream Enterprise Content Management System**

With the patented integration into the Windows operating system, the foundation for today's windream ECM-system was laid more than 20 years ago. With this unique approach, windream sets new standards in terms of intuitive handling, inspiring usability and user acceptance also in the current version 7. All possible solutions, whether e-file, e-mail management, invoice receipt, incoming mail, scanning, archiving, search and find, business process automation, workflow and mobile working are modularly designed. windream is equally flexible when it comes to integrations into third-party products, e.g. ERP, merchandise management and financial accounting solutions. Thus, companies can configure the windream ECM-system like a construction kit exactly according to their specific requirements. With the Dynamic Workspace, the latest windream version 7 successfully bridges the gap towards mobility and cross-platform

availability under an interface which can be designed by the user himself. No matter if in the office with a PC or a laptop, a Smartphone or a tablet: Any time, any place, any device. windream Dynamic Workspace is included in the windream Business Edition and does not need to be licensed as an additional module. windream - just use it
