

Press release of January 17, 2023

## **Strong together**

***dataglobal, eleven cyber security and windream will operate under the umbrella brand dataglobal Group in the future***

Heilbronn / Berlin / Bochum / Hamburg / Cluj. The companies dataglobal GmbH, eleven cyber security GmbH and windream GmbH have combined under the umbrella brand dataglobal Group GmbH..

### **"The World is your Workplace"**

The group of companies offers its customers an extended and future-oriented product portfolio with software solutions around the digital workplace.

The joining of the companies enables the expansion of the business, both within existing customer segments and in new markets. The three companies are combining their strengths and using the resulting synergies to expand the existing product portfolio with solutions and services for efficient digital working - faster and better than ever before. At the same time, the established software product brands of dataglobal, eleven cyber security and windream will remain in place and will be continuously developed further.

### **Focus on customer success**

"The future Digital Workplace offer will help users to be able to work sustainably and economically, to increase their success and to generate decisive competitive advantages in this way. The future challenges of our customers are CO2 footprint, shortage of skilled workers, digital networking of people, information and data and many more", says Christian Uhl, Managing Director of dataglobal Group GmbH, and adds: "In the group we will together use our decades of experience and knowledge to develop even more innovative solutions and combine them in the future with services that are precisely aligned

to these needs and challenges of our customers. The success and added value of our customers is always our first priority when working together."

### **About dataglobal Group**

Under the new umbrella brand dataglobal Group, a group of companies is being created that employs more than 210 people at its locations in Berlin, Bochum, Cluj (Romania), Hamburg and Heilbronn and serves around 3,000 existing customers across all industries. The customer base includes nationally and internationally renowned companies such as Audi, DB Schenker, Deutsche Bank, DFS Deutsche Flugsicherung, F. X. Meiller, NDR, Raiffeisenbanken Oberösterreich, Tirol and Kärnten, Roche, RTL as well as SAP and Telekom.

### **About windream GmbH**

For 20 years, windream GmbH has been one of the top companies in the development and marketing of business software products for electronic archiving, digital document management and business process control or workflow automation. Above all, the company is nationally and internationally known for its ECM-system of the same name, windream. More than 100 employees and a worldwide network of about 250 sales, integration and cooperation partners take care of more than 2,600 customers with more than 260,000 workstations. The clientele includes nationally and internationally known and renowned companies such as the pharmaceutical group Roche, the media companies RTL Group and Heise Group, the Raiffeisen banks of Upper Austria, Tyrol, Carinthia as well as DFS Deutsche Flugsicherung and Rhenus Logistics.

### **About the windream Enterprise Content Management System**

With the patented integration into the Windows operating system, the foundation for today's windream ECM-system was laid more than 20 years ago. With this unique approach, windream sets new standards in terms of intuitive handling, inspiring usability and user acceptance also in the current version 7. All possible solutions, whether e-file, e-mail management, invoice receipt, incoming mail, scanning, archiving, search and find, business process automation, workflow and mobile working are modularly designed. windream is equally flexible when it comes to integrations into third-party products, e.g. ERP, merchandise management and financial accounting solutions. Thus, companies can configure the windream ECM-system like a construction kit exactly according to their specific requirements. With the Dynamic Workspace, the latest windream version 7 successfully bridges the gap towards mobility and cross-platform availability under an interface which can be designed by the user himself. No matter if in the office with a PC or a laptop, a Smartphone or a tablet: Any time, any place, any device. windream Dynamic Workspace is included in the windream Business Edition and does not need to be licensed as an additional module. windream - just use it
